- Very interesting and informative discussion.....
- The AEG Speaker Challenge was incredibly insightful and helpful. HG Chissell and his team brought together a diverse group of brilliant people to help solve some of the most critical infrastructure challenges faced by our city. I would highly recommend this event to anyone who has the chance to attend future sessions. - Ryan Gage, Illinois Medical District
- I really appreciate AEG's approach in driving great conversations to the next level by really pushing participants to think about taking concrete action. Manisha Patel, Vice President for Environmental Process and Policy, WSP

- It was an honor to participate on the panel. The experience reinforced, for me, the reality that we're all connected and we have to solve these problems collectively. - Sandra Henry-

Any suggestions?

- Can you please resend everyone the wording of the winning work statement before tomorrow's meeting?
- I would suggest giving the speakers a few extra minutes of presentation time. I think giving them 10-15 minutes instead of 8 minutes would make the event feel less hurried.
