

# Join the **Advanced Energy Group** *to chart a course for the future of energy*

## **EMPOWERING CUSTOMERS & CITIES**

November 1-2 | Swissôtel Chicago | [www.energyevents.penton.com](http://www.energyevents.penton.com)

An executive utility conference that charts the course for re-imagining energy production, usage and delivery. The two-day event brings together utilities, policy makers and visionaries to openly share ideas on the utility of the future. This year's event features Jeremy Rifkin, bestselling author of "The Zero Marginal Cost Society" and Audrey Zibelman, Chair of the NY State Public Service Commission.

Use the code **CAEG** for **25% off registration + free admission to the IoT Emerge Conference and exhibit hall.**

November 2-4 | McCormick Place | [www.iotemerge.com](http://www.iotemerge.com)

The **Smart Buildings & Energy** track on **November 3rd** offers real-world advice on how to integrate your existing infrastructure with new IoT systems and strategies so that you spend less time managing building systems and more time managing building performance. Other tracks include: Industrial IoT, IoT Engineering and IoT Security.

Use the code **ECCSPECIAL** for **\$99 rate to the IoT Conference and exhibit hall.**
