CAE 2019 Q1 Series

11 - 16 Mar 2019

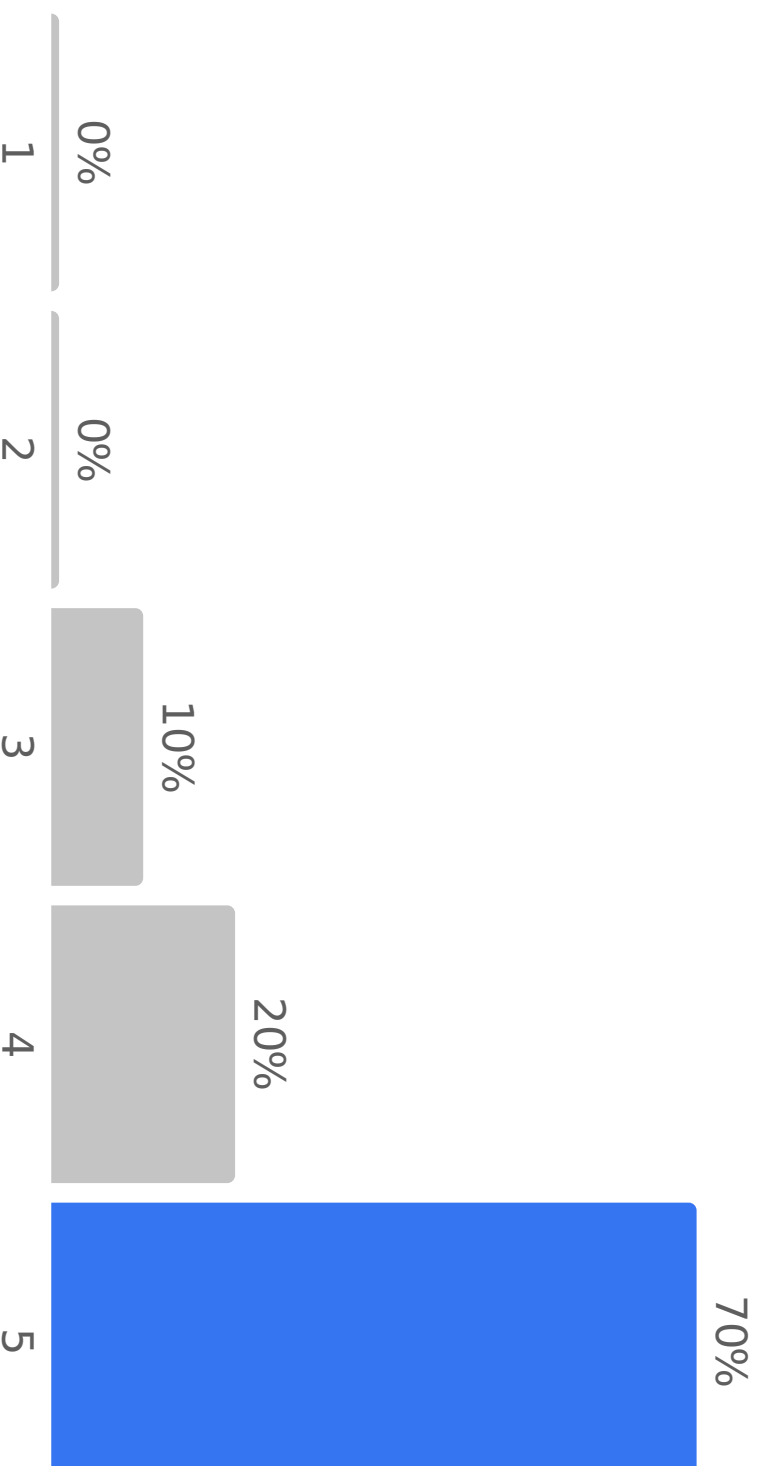

Poll results

CAE Q1 - Post Event Survey (4/9)

010

How likely are you to recommend AEG events? (5 = very likely)

Score: 4.6

CAE Q1 - Post Event Survey (5/9)

007

Do you have any suggestions for a Discussion Leader at our next event?

- Not at this time
- Joyce coffee again! She's great. Maybe get dmddii talking about what they're doing
- Strategies for transportation electrification
- No
- Amanda Labrier, 2FM City of Chicago
- Depending on subject matter, i might have recommended leaders
- n/a

CAE Q1 - Post Event Survey (6/9)

008

What suggestions do you have to improve AEG events?

- No suggestions at this time. I like the new format of creating task force teams at the end of discussions.
- Add networking break
- None
- Very dynamic and engaging event! Only suggestion: ensure that the wifi network is accessible for participants
- Continue with a diverse group of quality speakers
- Had a great time - super
- format. The world would be a better if place if all meetings were like this.
- Use OPEN SPACE TECHNOLOGY for maximizing meeting productivity and reducing wheel-spinnign
- Let's make it more interactive .

CAE Q1 - Post Event Survey (7/9)

009

What do you see as the key challenge identified today?

- The key challenge from today was leveraging regulatory innovation, new funding mechanisms, and emergency preparedness exercises to address Microgrid and critical infrastructure advancements.
- N/A
- Table composition had a similar skillset
- Tying relevant stakeholders together
- Incentives and regulationa
- for R&D tied to measurable resilient planning goals
- Financing and regulation.
- How decision makers can better understand and act on their climate change risk. The data are not the limitation.
- Both regulatory flexibility and financing
- Climate, resiliency, regulation

CAE Q1 - Post Event Survey (8/9)

005

To address this challenge, what actions do you think need to happen in the next 12 months?
(1/2)

- I think the next actions need to be addressing and finding stakeholders to fund the innovation of regulatory practices for Microgrid connections and infrastructure improvement. Also learning from regulatory challenges in other states and cities for Microgrid sand advanced infrastructure projects
- Have a discussion about failure: If this is about energy, feature what went WRONG in PG&E (CA Fires) in California, Entergy in Louisiana (Katrina), ConEd in New York (Sandy)
- to create a place for legislation to support these changes.
- N/A
- Develop standards and strategies for resilient investments

CAE Q1 - Post Event Survey (8/9)

005

To address this challenge, what actions do you think need to happen in the next 12 months?
(2/2)

- Coordinate with municipality to identify critical needs facilities.

CAE Q1 - Post Event Survey (9/9)

010

Would you like to join the task force discussed at today's event? We'll follow up with next steps.

Yes

20 %

No thanks
